infomation

Welcome!

SHY is landing to Singapore with our popular products!

Founded in 1919, we specialize in high-quality, custom Japanese roller screens. We've developed solutions from scratch, including the "ZIP system", large opening screens, and curved surface screens are in use, among many other diverse products.

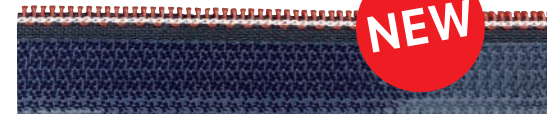

We aim to expand across Asia, starting with Singapore, promoting our Japanese made SHYZIP.

Our mission is to harness technology to create valuable environments.

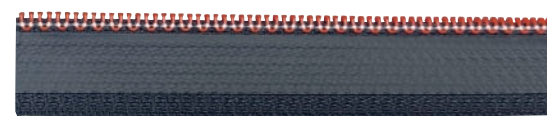

Visit our booth to see SHYZIP, CONSTON, ZIPcurtain, and ZIPrail.
Experience the perfect fusion of Japanese craftsmanship and innovative screen products!
